

TORS FOR CONSULTANT TO CONDUCT CAPACITY BUILDING TRAINING OF WOMEN FARMERS IN SUKKUR ON CLIMATE SMART & GENDER SMART AGRICULTURE

Awaz Foundation Pakistan with support of VSO Pakistan is implementing project **'Inclusive Education, Resilient Livelihood and Safe peaceful and Resilient communities'** in Sukkur, Pakistan. Under Livelihood component, a consultancy service is required to build capacity of 100 women farmers in Sukkur on i) climate smart agriculture (new farming techniques, climate change) access to finances, production, and value chain; ii) gender smart agriculture, gender sensitive policy making, rights and access to land, leadership, opportunities, and choices.

SCOPE OF THE CONSULTANCY:

- Consultant will be engaged to provide services on building capacity of 100 women farmers in Sukkur on: i) Climate smart agriculture (new farming techniques, climate change) access to finances, production, and value chain; and ii) Gender smart agriculture, gender sensitive policy making, rights and access to land, leadership, opportunities, and choices.
- First training on climate smart agriculture will be conducted with 100 women farmers in three different cohorts; 02 days for each training.
- Second training on gender smart agriculture will be conducted with selected 50 women farmers in two different cohorts; 02 days for each training.
- In total 02 trainings (on climate smart and gender smart agriculture) will be conducted and only 16 days engagement of consultant would be required.
- Consultant will develop 02 training manuals on climate smart and gender smart agriculture respectively; and will share with AwazCDS well before time for its finalization.

- Consultant will be responsible to share agenda, methodology of training, plan of actions, presentations and other related documents with AwazCDS Pakistan well before time to proceed accordingly.
- Keeping in mind the primary actors with whom the training will be conducted i.e. women farmers; consultant will give training in Urdu/ Sindhi language.
- Consultant would be required to travel to Sukkur for training purpose as per schedule.

Interested individuals/candidates are requested to submit their technical & financial proposals along with updated CV by November 16, 2021 (Tuesday). Proposals can be submitted on email address mentioned below:
